

Quality Policy

FB Contracting is committed to satisfying the requirements and expectations of our Clients and customers. We realize the importance of quality in all aspects of our work and we recognize that our employees are each responsible for producing quality workmanship and services. An effective Quality Management System has been identified as a key priority to achieve FB Contracting business objectives and overarching organizational vision.

FB Contracting shall focus on 'quality now' and shall continually improve the quality of our products and services for the mutual benefit of both the Client and our Company. FB Contracting management is committed to communicating the Company's quality expectations to all staff and to providing adequate training where required. FB Contracting encourages and facilitates a 'quality of work' culture through a systematic approach to continuous improvement and development of its construction processes and services.

FB Contracting shall encourage feedback from our Clients regarding all aspects of our team's performance so that we can continually grow and improve our Client satisfaction. Meeting and exceeding stakeholder expectations is a priority for all FB Contracting projects as is developing and maintaining professional relationships with our Clients, stakeholders, subcontractors and suppliers.

FB Contracting is committed to implementing, maintaining and constantly improving a quality system that allows the attainment of our company quality objectives and meets the requirements of ISO 9001:2008.
